Professional experience

Product Designer • iObeya • 11/2015 → Current

- Involved the dev team into a design-thinking process for empathising and building relevant solutions
- Created consistent UI solutions and high-fi prototypes by building and publishing a design system
- Supported teammates by documenting, sharing and teaching knowledge

Main achievement: designed the brainstorming and voting feature for iObeya v3 (increased participants creativity for problem solving and continuous improvement).

www.iobeya.com

Global Designer Intern • Stüdio • 05/2014 → 08/2014

- Supported our clients to define and customize their brand
- Worked with our clients to build their corporate website, by using our own website builder—mak-e
- Developed the internal service visual communication—Blüff Interactive, an agency-freelancer matchmaker

Main achievement: storyboarded and animated a video to explain how Blüff Interactive works—vimeo.com/100306885

Web Designer Intern • Pierre Planté • 06/2013 → 08/2013

- Developed websites by starting with a blank Wordpress theme
- Supported clients to manage their website content

Main achievement: designed and developed a corporate website for the O.R.L. Collegium—Corlas (www.corlas.org)
